## **“Frontage road along South Highway 81 temporarily closed”**

It's another sign of spring. Construction on the City of Norfolk sanitary sewer and lift station project south of the Elkhorn River near Highway 81 is resuming this week. City Engineer Mark Dolechek said Monday that the frontage road east of Highway 81 and north of Bonita Drive will be closed to through traffic beginning March 2, 2016. Access to local businesses will be maintained. Dolechek said he estimated that the area will be closed for an estimated four weeks. For more information on this closure please contact Dolechek at 402-844-2020.
